

FREE Naturescaping Workshop and Native Plant Salvage

Learn how to create a low maintenance landscape that is healthier for people and critters. After this workshop, you will know how to improve your soil, shrink your lawn and reduce the amount of time and energy you spend on yard work. You will also learn how to make your yard a better place for birds and other wildlife using native plants and other fish friendly tips!

Participants are eligible to travel to a site scheduled for development to dig up native plants for your naturescaping projects on Sunday, November 16. You need to attend a workshop to participate in the salvage. The salvage site is generously provided by the Issaquah School District.

Two evening workshops to choose from!

November 6, 6:30 p.m.-9:00 p.m.

**Tahoma School District Central Services Building
25720 Maple Valley - Black Diamond Rd HWY 169**

FROM I-405 IN RENTON: take exit 4, and HWY 169 south to Maple Valley-Enumclaw. Continue south-bound on HWY 169 for several miles to Maple Valley. Drive past lights at Witte Road and SE 240th. The Central Services Building is on your left 1.3 miles past the light at SE 240th next to Rock Creek Elementary. If you reach Kent-Kangley Road, you have gone too far.

November 12, 6:30 p.m.-9:00 p.m.

**Rainier Beach High School
8815 Seward Park Ave S., Seattle**

FROM I-5 NORTHBOUND: take exit 157: ML King Jr Way. Drive north on MLK Jr. Way until you reach Henderson (light). Turn right on Henderson. Cross Rainier Ave. The high school is on your left. Look for signs directing you to the workshop.

FROM I-5 SOUTHBOUND: take exit 158: "Boeing Access Rd." Turn left over the freeway. Turn left at the stoplight onto Martin Luther King Jr Way. Drive north on MLK Jr. Way until you reach Henderson. Turn right on Henderson. Cross Rainier Ave. The high school is on your left. Look for signs directing you to the workshop.

Sunday, November 16

Plant salvage for workshop participants.

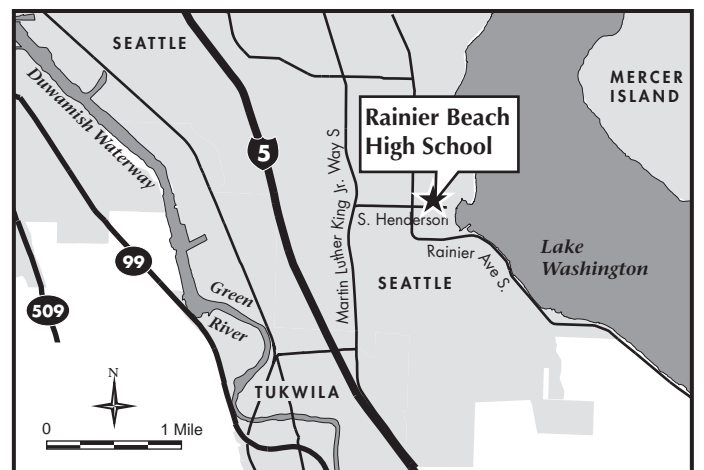

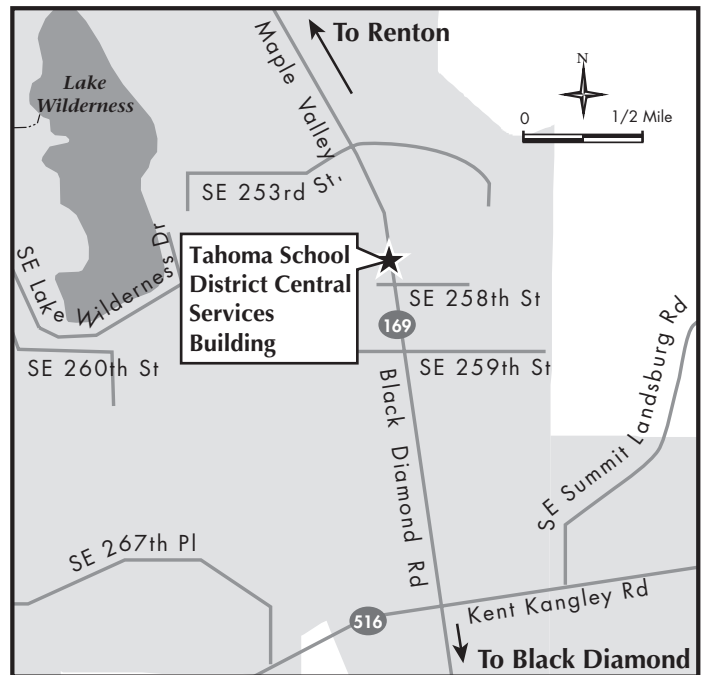

Directions provided at the workshop.

9:00 a.m.-1:00 p.m.

SPACE IS LIMITED

Volunteer for the Native Plant Salvage Program. Join us on November 8 or December 6 to dig up native plants from a site scheduled for development. Plants salvaged are replanted at habitat restoration sites around King County. We need help digging in the morning or potting in the afternoon. Contact **Greg Rabourn** at **206-296-1923** or greg.rabourn@metrokc.gov.

Are you interested in caring for a creek site in Seattle? Ask about becoming a creek steward. Contact **Bob Spencer** at **206-684-4163** or bob.spencer@seattle.gov.
